Course Description

Feeling uneasy about your skills as an editor? Do you wish an experienced editor could review your edits and give *you* feedback? If so, this course is for you. Nonfiction Copyediting and Proofreading Boot Camp 401 is designed to give you real-life experience with nonfiction material. This hands-on course will give you confidence to copyedit and proofread for clients based on *The Chicago Manual of Style* and *The Christian Writer's Manual of Style*.

There are no lessons to read—just pure editing. This four-week course consists of two weeks of copyediting and two weeks of proofreading. The selections get longer each week and give you an idea of what it's like to work with clients. The instructor will provide feedback on your edits to show you what you are doing well and areas where you could improve. Students are encouraged to ask questions and have group discussions about one another's work.
